Bent's Old Fort Reconstructed

Florissant Fossil Bed National Monument A massive avifauna fossil bed, containing more than 4,000 bird specimens, has been found in a small area, creating fossils, fish, plant and insect remains.

Canyons of the Ancients National Monument The rich archaeological area in the U.S. Laramie River valley contains the Ancestral Puebloan Heritage Center near Dolores. **1-16**

Great Sand Dunes National Park and Preserve Covering more than 300 square miles, the park has towering sand dunes, some as high as 750 feet.

Colorado National Monument
One of the grandest landscapes of the American West. Monoliths tower

In a vast plateau and canyon country, the Colorado River flows through red-rock canyons along the heads and turns of 23-mile Rim Rock Drive. H-2	Continued from page 1 The rim rock country is filled with ancient sandstone cliffs, pinyon-juniper woods and a spectacular river canyon.	J-5	Ancestral Puebloan valley public. The remains of the cliff dwellings and stone structures are still standing, and visitors are on their own to explore this cluster of ancient ruins.	P-2
